

## Remind 101/Text Messaging Form

Dear Softball Parents and Guardians,

With technology as prevalent as it is today, I have found it most convenient to communicate with athletes and parents through text messaging. In order to do this safely, I like to use an application called Remind 101. It is a messaging system that allows me to send out a group message and saves all sent and received texts to the program so that I can access them at a later date if needed. I plan to use this messaging system to inform you about practice changes, important reminders for games and practice, and any other important information you or your child should know for softball. To teach your child accountability, with your permission, I would like to sign her up for this messaging system as well if she has a cell phone. This will allow me to directly inform her of important information. When I send out a message, both you and your child will receive the same message if both numbers have been signed up. Please sign below and include any cell phone numbers that you would like signed up for Remind 101.

**Please check all that apply:**

- I **do not** wish to participate in this messaging application.
- I give permission for Coach Perry to use Remind 101 to contact me.
- I give permission for Coach Perry to use Remind 101 to contact my child.

\_\_\_\_\_  
*Parent/Guardian Signature*

\_\_\_\_\_  
*Date*

\_\_\_\_\_  
*Athlete Name (printed)*

**If you have given permission above for use of Remind 101, please list the cell phone numbers below that you would like to sign up for messages. Please print clearly.**

*Cell Phone Number*

*Whose Cell Phone is this?*
