

NEWS FROM THE NURSE:

Please accept my deepest gratitude to all, Mr. Gildea, teachers, staff, students and parents on my retirement. With the cooperation and valuable input and suggestions, and well-appreciated donations of clothing, you all have made my past 13 years so much easier and enjoyable. There was never a day that I did not want to come to work. To me it was not work, but my life's calling. Thank you everyone for allowing me to take care of your children.

Nurse Sue
