BUILDING SECURITY

In order to adequately provide for the safety of the students and to minimize interruptions during instruction time, parents or any other visitors to the schools are not permitted to go directly to the classroom. All parents and visitors must report to the school office. Movement throughout a school building may only be done with a pass issued by the school office.

PARKING ON SCHOOL PROPERTY

Any vehicle entering school property is subject to search by school district authorities and law enforcement personnel working with them. Such a search may be conducted without warrant for any reasonable purpose. Search of the vehicle includes all compartments and components thereof. Once the search begins, the person in the control of the vehicle will not be permitted to remove it from the premises during the reasonable duration of the search.

ACCESS CONTROL SYSTEM (ACS)

The purpose of this system is to control access to the building while the students are present. It will help to provide an even safer environment for students and staff. The procedures that we will use are as follows:

- After the students have entered the building the doors will be locked and the ACS will be in operation.
- All visitors and late arriving students must enter through the front doors. The individual must press the ACS button while standing in front of the camera.
- Office personnel will greet you and ask for your name and purpose for your visit. Identification may also be requested from unknown individuals.
- You will then be instructed to proceed to the office to sign in and obtain a visitors' badge which must be worn throughout your visit.
- Upon completion of your visit, return the badge to the main office and sign out.

WEATHER EMERGENCIES

When weather or other emergencies make it inadvisable for children to attend school or to start at a later hour, an announcement of this situation will be made over local radio and television stations as early as possible. Notifications will be sent to parents/guardians via the School Messenger Notification System. Cancellations and delays will be noted on the HASD web site (www.tigerwires.com) as well. Make-up days are listed on the school calendar which is located on page 4 of this booklet.

STUDENT RIGHTS AND RESPONSIBILITIES **Title 22 Pa. Code Students' Rights and Responsibilities**

Students in Hollidaysburg Area schools have rights just as private citizens have rights. Likewise, students have certain responsibilities. In the course of any school year, there is always the possibility that a student might ignore his responsibilities and infringe on someone else's right to learn. It is also possible that a given teacher or administrator may unintentionally infringe upon a student's rights. So, it is with the intent of creating mutual understanding between students, teachers, and administrators that these Rights and Responsibilities exist. Mutual understanding can be achieved when teachers, students, and administrators acknowledge the rights and responsibilities of each other.

1. Free Education and Attendance

- a. All persons residing in this Commonwealth between the ages of 6 and 21 years are entitled to a free and full education in the Commonwealth's public schools.
- b. Parents or guardians of all children between the ages of 8 and 17 are required by the compulsory attendance law to ensure that their children attend an approved educational institution, unless legally

excused. Students who have not graduated may not be asked to leave school merely because they have reached 17 years of age if they are fulfilling their responsibilities as students. A student cannot be excluded from public school or extracurricular activities because of being married or pregnant.

- c. No student will be denied attendance at school or activities, participation in extracurricular activities or access to any facilities or programs because of race, religion, national origin, sex or handicap.

2. Student Rights and Responsibilities

- a. Student responsibilities include regular school attendance, conscientious effort in classroom work, and conformance to school rules and regulations. Most of all, students share with the administration and faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living.
- b. No student has the right to interfere with the education of his/her fellow students. It is the responsibility of each student to respect the rights of teachers, students, administrators, and all others who are involved in the educational process.
- c. Students should express their ideas and opinions in a respectful manner.
- d. It is the responsibility of the students to conform to the following:
 - 1) Be aware of all rules and regulations for student behavior and conduct themselves in accord with them. Students should assume that, until a rule is waived, altered or repealed in writing, it is in effect.
 - 2) Volunteer information in matters relating to the health, safety, and welfare of the school community and the protection of school property.
 - a) Dress and groom to meet fair standards of safety, health, and so as not to cause substantial disruption to the educational processes.
 - b) Assist the school staff in operating a safe school for all students enrolled therein.
 - c) Comply with Commonwealth and local laws.
 - d) Exercise proper care when using public facilities and equipment.
 - e) Attend school daily and be on time at all classes and other school functions.
 - f) Make up work when absent from school.
 - g) Pursue and attempt to complete satisfactorily the courses of study prescribed by Commonwealth and local school authorities.
 - h) Report accurately and not use indecent or obscene language in student newspapers and publications.
 - i) Not use obscene language in student media or on school premises.

3. Discrimination

Consistent with the Pennsylvania Human Relations Act (43 P. S. §§ 951-963), a student may not be denied access to a free and full public education, nor may a student be subject to disciplinary action on account of race, sex, color, religion, sexual orientation, national origin or disability.

4. Corporal Punishment

- a. Corporal punishment is defined as physically punishing a student for an infraction of the discipline policy. Use of corporal punishment is prohibited.
- b. Teachers and school authorities may use reasonable force under the following circumstances:
 - 1) To quell a disturbance.
 - 2) To obtain possession of weapons or other dangerous objects.
 - 3) For the purpose of self-defense.
 - 4) For the protection of persons or property.

5. Freedom of Expression

- a. The right of public school students to freedom of speech is guaranteed by the Constitution of the United States and the Constitution of the Commonwealth.
- b. Students shall have the right to express themselves unless the expression materially and substantially interferes with the educational process, threatens serious harm to the school or community, encourages unlawful activity or interferes with another individual's rights.

- c. Students may use publications, handbills, announcements, assemblies, group meetings, buttons, armbands and any other means of common communication, provided that the use of public school communications facilities shall be in accordance with the regulations of the authority in charge of those facilities.
 - 1) Students have the responsibility to obey laws governing libel and obscenity and to be aware of the full meaning of their expression.
 - 2) Students have the responsibility to be aware of the feelings and opinions of others and to give others a fair opportunity to express their views.
- d. Identification of the individual student or at least one responsible person in a student group may be required on posted or distributed materials.
- e. School officials may require students to submit for prior approval a copy of materials to be displayed, posted or distributed on school property.
- f. Bulletin boards must conform to the following:
 - 1) School authorities may restrict the use of certain bulletin boards.
 - 2) Bulletin board space should be provided for the use of students and student organization.
 - 3) School officials may require that notices or other communications be officially dated before posting and that the materials be removed after a prescribed reasonable time to assure full access to the bulletin boards.
- g. School newspapers and publications must conform to the following:
 - 1) Students have a right and are as free as editors of other newspapers to report the news and to editorialize with the provisions in paragraphs (4) and (5).
 - 2) School officials shall supervise student newspapers published with school equipment, remove obscene or libelous material and edit other material that would cause a substantial disruption or interference with school activities.
 - 3) School officials may not censor or restrict material simply because it is critical of the school or its administration.
 - 4) Prior approval procedures regarding copy for school newspapers must identify the individual to whom the material is to be submitted and establish a limitation on the time required to make a decision.
 - 5) Students who are not members of the newspaper staff shall have access to its pages. Written criteria for submission of material by non-staff members shall be developed and distributed to all students.
- h. The wearing of buttons, badges or armbands shall be permitted as another form of expression with the restrictions listed in subsection (c).
- i. School officials may set forth the time and place of distribution of materials so that distribution would not materially or substantially interfere with the requirements of appropriate discipline in the operation of the school.
 - 1) A proper time and place set for distribution is one that would give the students the opportunity to reach fellow students.
 - 2) The place of the activity may be restricted to permit the normal flow of traffic within the school and at exterior doors.

6. Flag Salute and the Pledge of Allegiance

It is the responsibility of every citizen to show proper respect for his/her country and its flag.

- a. Students may decline to recite the Pledge of Allegiance and may refrain from saluting the flag on the basis of personal belief or religious convictions.
- b. Students who choose to refrain from such participation shall respect the rights and interests of classmates who do wish to participate.

7. Hair and Dress

- a. The governing board may establish dress codes or require that students wear school uniforms. Policies may apply to individual school building or to all school buildings.
- b. Students have that right to govern the length or style of their hair, including facial hair. Any limitation of this right must include evidence that length or style of hair causes disruption of the educational

process or constitutes a health or safety hazard. Where the length or style of the hair presents a problem, some type of covering shall be used.

- c. Students may be required to wear certain types of clothing while participating in physical education classes, shops, extracurricular activities or other situations when special attire may be required to insure the health or safety of the student.
- d. Students have the responsibility to keep themselves, their clothes and their hair clean. School officials may impose limitations on student participation in the regular instructional program when there is evidence that the lack of cleanliness constitutes a health hazard.
- e. Any hairstyle and/or unnatural hair color that results in the distraction of other pupils, and disrupts, unsettles, or impedes the normal conditions of the school or classroom shall be prohibited.

8. Confidential Communications

- a. Use of a student's confidential communications to school personnel in legal proceedings is governed by statutes and regulations appropriate to the proceeding. See, for example, 42 Pa.C.S. § 5945 (relating to confidential communications to school personnel).
- b. Information received in confidence from a student may be revealed to the student's parents or guardians, the principal or other appropriate authority when the health, welfare or safety of the student or other persons is clearly in jeopardy.

9. Searches

- a. The governing board of every school entity shall adopt reasonable policies and procedures regarding student searches. The local education agency shall notify students and their parents or guardians of the policies and procedures regarding student searches.
- b. Illegal or prohibited materials seized during a student search may be used as evidence against the student in a school disciplinary proceeding.
- c. Prior to a locker search, students shall be notified and given an opportunity to be present. When school authorities have a reasonable suspicion that the locker contains materials that pose a threat to the health, welfare or safety of students in the school, the student lockers may be searched without prior warning.
- d. Refer to Search Policy #226.

10. Notification of Rights

The Hollidaysburg Area School District complies with the rights under the Family Educational Rights and Privacy Act of 1974 and rights contained in the District Record Policy, which is available at the District Office.

STUDENT CODE OF CONDUCT

The School Board of the Hollidaysburg Area School District has the authority to make reasonable and necessary rules governing the conduct of students in school and on school property. These rules are designed within statutory and constitutional restraints which are enumerated in the laws of the state or which may reasonably be implied as necessary for the orderly operation of the school.

The following school rules are assumed to be "reasonable" until they are rescinded or waived. Students, therefore, shall obey the school rules while working through provided channels to help change those which they feel need to be rescinded or waived.

The building administrator or his/her designated representative will retain the right to assign discipline for infractions which are not specifically listed within these guidelines. All discipline measures are at the discretion of the administration.

Every student will be disciplined based on our knowledge of the current problem and past experiences with the individual involved. Every situation is different and after hearing all facts involved in the case, an administrator will make a decision.

All references to suspension will include both in-school suspension and out-of-school suspension.

The following guidelines are applicable for student behavior:

- During school hours

- On school property
- At any school sponsored event
- On school provided transportation
- Doorstep to doorstep

Discipline will meet requirements of PA Chapter 14 regulations and Federal 300.530 – 300.537 mandates.

Cameras are present at locations inside and outside of the building. These are not monitored throughout the school day. These cameras are used for investigative purposes only. They store data for a limited period of time. All buses are equipped with boxes for video cameras. Video cameras record audio and video and will be used to enforce student behavior regulation. Refer to Board Policy 810.3 on the use of audio and video cameras on school buses.

1. Affection

Physical displays of affection, including, but not limited to kissing or hugging, may result in the student receiving detention or suspension.

2. Alcohol, Drugs or Drug Related Paraphernalia

Use, possession, or furnishing of alcohol, drugs, or drug paraphernalia while in or upon any school owned property, during any activity sponsored by the school, and/or any student reporting to school having used drugs or who has consumed alcohol elsewhere is in violation of policy. (Refer to Appendix A.)

If a student is suspected of being under the influence of drugs/alcohol, the principal will be contacted. The teacher will remain with the student until an escort arrives to take the student to the nurse's office. The nurse will determine if the student's reactions and vitals are outside of the normal range and if there is a concern for further medical evaluation/drug testing. If a student's vitals are outside of the normal range, an administrator will call a parent/guardian. The nurse determines if the ambulance should be called or if the student can leave with the parent or guardian. The parent or guardian must come to the school to pick up the student. The student shall be given a temporary suspension of up to three (3) school days either in or out-of-school, based on administrative judgment. With parent or guardian consent the school may administer the alcohol or drug test or the parent may have a drug or alcohol test completed by an emergency room or a doctor's office and the medical examiner must complete the school issued drug test form. The student is given a 10 day drug/alcohol suspension if the parent/guardian cannot provide the completed school issued form from the hospital or physician stating that the tests were negative (the test results must be completely negative with no level of positive) and explaining the symptoms that were observed.

Normal medical perimeters as listed below:

Any results out of the normal range would be concern for further medical evaluation/drug testing through a medical provider.

- Orientation Evaluation** – Alert and oriented to person, place and time
- Speech** – Clear and fluent; quick responses to questions
- Pupils** – Brisk and reactive to light stimuli
- Heart Rate** – 60-80 beats per minute
- Blood Pressure** – 100-120 systolic/60-80 diastolic
- Odor** – No presence of suspicious smoke and/or alcohol odor

3. Arson and Other Forms of Arson Related Endangerments

A student commits an offense if he or she engages in conduct which places others in danger. Penalty may range from detention to expulsion.

- Any student found guilty of setting fire on and/or to school property will receive a minimum of ten (10) days suspension and arson charges will be filed with civil authorities against the student.

- Any student found guilty of tampering with a fire extinguisher will receive a minimum of ten (10) days suspension and will be required to pay refilling and repair costs.

4. Aggravated Assault

A person is guilty of aggravated assault if he/she attempts to cause serious bodily injury to another or causes such injury intentionally, unknowingly, or recklessly under circumstances manifesting extreme indifference to

the value of human life. A student could receive a penalty ranging from one day suspension to referral to the School Board for expulsion. **NOTE: Civil Authorities will be notified.**

10. Cell Phones

Students who bring a cell phone to school must turn the device off prior to entering the building and the phone should not be visible at any time. Any student found in possession of a cell phone during the school day and not having special written permission from an administrator will have the following consequences:

- First Offense: The cell phone will be confiscated and picked up by the student at the end of the day. The student will receive a detention.
- Second Offense: The cell phone will be confiscated and picked up by the student at the end of the day. The student will receive a Saturday detention.
- Third Offense: The cell phone will be confiscated and must be picked up by a parent or guardian. The student will receive in-school suspension.
- No picture taking with cell phones is permitted.

The School District retains the right to review the contents of any cell phone.

11. Cheating

When an offense of cheating occurs, a zero grade will be given to the student for the test, quiz, or assignment. Plagiarism, blatant copying of information from a printed source or the internet without proper citation, will be considered to be cheating. DISCIPLINE

PHILOSOPHY

To fulfill its primary goal, the Hollidaysburg Area School district sets forth discipline with levels of organization. Students are encouraged to assume responsibility for their behavior. Each student's rights and those of the entire school community must be respected. Discipline means to recognize and accept personal responsibility to function with the school community in a socially acceptable manner. Discipline is best when self-imposed. Students should recognize right from wrong and act accordingly. Most students possess the maturity to be self-disciplines, some do not. Therefore, the school must develop guidelines, regulations and disciplinary responses to promote student discipline. These guidelines will delineate rights and responsibilities for students, parents, and staff. The code of student conduct will be applied firmly, fairly and consistently. All school community members' rights will be respected. The district will follow established procedures for an "eligible learner" i.e. any student receiving special education services, in accordance with Chapter 14 PA Standards for Special Education and Programs, Section 14.35 Discipline.

Also, the district's behavior management program ensures compliance in accordance with Chapter 342, PA Standards for Special Education and Programs, Section 342.36, Part © and (d) addressing the use of restraints. In accordance

with the above Section Part (e), the listed aversive techniques of handling behaviors are considered inappropriate and will not be used by the staff in an educational program. See HASD Board Policy No. 113.1 DISCIPLINE of STUDENT with DISABILITIES.

DISCIPLINARY ACTIONS AND PROCEDURES

When there is a problem or misunderstanding in the classroom, it is the responsibility of the teacher to resolve the issue with the student(s) involved. The actual procedure of disciplinary action may vary depending on the individual case, but in general the following sequence is recommended:

1. Teacher and student conference.
2. Notification of parents/guardian.
3. Conference with the student, parents/guardian, and/or with other school personnel.

These conferences should help restore a positive atmosphere of self-discipline with teacher support. If remedial action is necessary, the teacher may revoke certain privileges and/or detain the student after school.

If the situation is not resolved at classroom level, the teacher should consult with a building administrator. In addition to further conferences, a building administrator may use remedial procedures such as revoking privileges, school detention, Saturday Detention or suspension. The building administrator may also refer the student to his/her guidance counselor or crisis counselor.

If the problem persists, additional action may be required by the building administrator, superintendent and/or school board, in that order, as outlined under each of the levels.

Parents will be involved in the disciplinary process as early as deemed advisable by appropriate school personnel.

IN-SCHOOL SUSPENSION (EXCLUSION FROM CLASS)

No student may receive an in-school suspension unless the student has been informed of the reasons for the suspension and has been given an opportunity to respond before the suspension becomes effective. The building principal is responsible for issuing this form of suspension.

Communication to the parent/guardian shall follow the suspension action taken by the school.

If the in-school suspension will exceed ten (10) consecutive school days, an informal hearing shall be offered to the student and the student's parent or guardian prior to the 11th school day in accordance with the procedures in Regulations on Student Rights and Responsibilities.

The student's school district has the responsibility to make some provisions for the student's education during the period of in-school suspension.

A parent conference will be required in all case of in-school suspension before student may return to regular classes.
NOTE: (Refer to Appendix G).

Suspension carries the restriction that the student is excluded from all extracurricular activities including social functions, interscholastic athletic events, and the academic representation of the school until midnight of the last day of the suspension. The restriction includes both as a participant and/or spectator.

EXCLUSION FROM SCHOOL

Exclusion from school may take the form of suspension or expulsion.

1. Suspension is exclusion from school for a period from one (1) to ten (10) consecutive school days.

- a. Suspension may be given by the building administrator or person in charge of the public school.
 - b. No student shall be suspended until the student has been informed of the reasons for the suspension and given an opportunity to respond. Prior notice of the intended suspension need not be given when it is clear that the health, safety, or welfare of the school community is threatened.
 - c. The parents and the superintendent of the district shall be notified immediately in writing when the student is suspended.
 - d. If the suspension will exceed three (3) school days, the student and parent/guardian shall be given an informal hearing consistent with the requirements set forth in Regulations on Student Rights and Responsibilities.
 - e. Suspensions may not be made to run consecutively beyond the ten (10) school day period.
 - f. Students shall have the responsibility to make up exams and work missed while being disciplined by suspension and shall be permitted to complete these assignments within guidelines established by the school board.
 - g. A parental conference will be required before re-admission of a suspended student.
 - h. Suspension carries the restriction that the student is excluded from all extracurricular activities including social functions, inter-scholastic athletic events and academic representation of the school both as a participant or spectator until midnight of the last day of the suspension.
2. Expulsion is exclusion from school by the school board for a period exceeding ten (10) school days and may be permanent expulsion from the school rolls. All expulsions require a prior formal hearing consistent with the requirements set forth in regulations on Student Rights and Responsibilities.
- If it is determined after an informal hearing that a student's presence in his/her normal class would constitute a threat to the health, safety or welfare of others and it is not possible to hold a formal hearing within the period of a suspension, the student may be excluded from school for more than ten (ten) days, if the formal hearing is not unreasonably delayed. Any student so excluded shall be provided with alternative education which may include home study. Expulsions affecting certain eligible learners shall be governed by regulations set forth by the Pennsylvania Department of Education. Expulsions affecting certain eligible learners shall be governed by regulations set forth by Pennsylvania Department of Education.

LEVELING

The development of the student's academic and behavioral needs is a major function of the curriculum at the Hollidaysburg Area Elementary Schools. It is not only a desired outcome of schooling but also a means to enhance learning experiences throughout life and enable the student to deal with the challenges of adulthood. A system of well-disciplined young people will provide an ordered school environment in which effective learning can take place. An aspect of the development of self-discipline is the provision for the correction of unacceptable behavior. While a degree of tolerance is necessary in any social system, this policy also provides procedures to correct behavior which disrupts the educational process or violates the common sense rule of courtesy and respect for others. The corrective measures which follow are progressive in severity beginning with verbal reprimand and ending in possible expulsion from school.

NOTE: DEPENDING UPON THE TYPE AND OR SERIOUSNESS OF THE INFRACTIONS, A STUDENT MAY AT ANY TIME BE PLACED AT ANY LEVEL, INCLUDING A DISCIPLINARY REVIEW PANEL HEARING OR EVEN BOARD HEARING.

A student or parent/guardian has the right to appeal decisions relating to disciplinary actions.

Appeals of disciplinary action must proceed in the following order:

- a. Principal
- b. Superintendent. The appeal must be in writing stating the reason for the appeal.

If a student is suspended 10 or more days the student and/or parent can write a letter to the principal asking for the 90 day extracurricular suspension to be modified. For this to be considered, the student must have no other suspensions, no unexcused absences, and all grades must be passing.

If a student is suspended from overnight trips for the remainder of the school year due to a 10 day suspension, the student and/or parent can write a letter to the principal asking for the overnight filed trip suspension to be lifted. For this to be considered, the student must have no other suspensions, no unexcused absences, and all grades must be passing.

 - c) A student has the right to question any witnesses present at the hearing.
 - d) A student has the right to speak and produce witnesses on his own behalf.

b. Formal Hearings

- 1) Education is a statutory right, and students must be afforded all appropriate elements of due process if they are to be excluded from school. In a case involving a possible expulsion, the student is entitled to a formal hearing, which is a fundamental element of due process.
- 2) A formal hearing is required in all expulsion actions. This hearing may be held before the board of school directors, a duly authorized committee of the board, or a qualified hearing examiner appointed by the board. When the hearing is conducted by a committee of the board or a hearing examiner, a majority vote of the entire school board is required to expel a student.

SERVICES

1. Address and Telephone Changes

It is necessary for the office to have an accurate record of the home address of all students as well as the correct telephone number. We ask that students accept responsibility in reporting any change of address or phone number to the administration office or on Infinite Campus.

2. Assignment of Pupils

All pupils who move into the Hollidaysburg Area School District should contact the attendance office, 405 Clark Street, Hollidaysburg.

3. Bulletin Boards

Bulletin boards are located throughout the building and are to be used only for announcements relating to school matters. Permission to post any other information must be secured through your school office. Since the information posted is normally of importance to students, we ask that students refrain from defacing the information posted.

4. Counseling Services

The counseling services of the Hollidaysburg Elementary Schools are organized to help the student's total development. Often teachers will help students deal with problems, but there will be times when students need the services of the Guidance Department. Counselors can help students with their educational program. There will be times when students will need help with personal problems. Counselors can help students deal with these matters on an individual or group basis. Many times there are other students with similar concerns, and counseling can be more effective in a small group situation.

5. Fire Drills

Fire drills are carried out periodically during the school year. A fire drill is carried out so that in case of necessity, students will be able to leave the building in a quiet, orderly, and safe manner. There is an instruction card posted in each room near the door. **THERE WILL BE NO TALKING ON THE WAY OUT** so that any instructions that are needed may be given. Every person is to leave the building.

6. Grading

a. Grading System for Grades 2,3,4,5, and 6:

| | | |
|-------------------------|----------------------|--------------------------|
| A • 92% or above | C • 77% - 83% | F - 69% and below |
| B - 84% • 91 % | D - 70% - 76% | I – Incomplete |

b. Grading System for Grades K and 1:

- 1) Note that the criteria on the pupil progress report are listed numerically with a clear explanation of what behaviors are expected in order to reach a specific level of performance.
- 2) The clear explanation of the criteria provides a uniform means of assessment for the teachers and adds a better understanding of performance assessment based upon developmentally appropriate practice for parents and community members.
- 3) As an individual, a child grows and learns at his/her own rate and is, therefore, evaluated with this in mind. At the end of the school year, a mark of *proficient* indicates a child has acquired the skills taught at grade level.

c. Report Cards

Reports of pupils' grades are electronically generated at the end of the 9th, 18th, 27th, and 36th weeks of school. (Kindergarten - end of the 18th and 36th weeks only). Reports are then forwarded to parents through their personal email.

7. Interim Reports

These reports are found by logging into Infinite Campus. If internet access is not available, please contact the school office for a hard copy of your child's grades.

8. Insurance: Accident and Dental

- a. Accident and dental insurance is offered to all students at the beginning of each school year. It is advisable that all students choose to subscribe to these low-cost insurance packages.
- b. The program has the following two plans:
 - 1) School-time protection which covers an accident while the student is attending school, on the school grounds, or on the way to and from school.
 - 2) Round-the-clock protection which covers any accident occurring any time during the course of a day. This includes at school, at home, at play, on weekends, during vacations, or at camp.

9. Library (Elementary)

The library is open in the school for use by both students and teachers. The collection offers reading materials for enjoyment and curriculum support. Each student is issued a library number. No student is permitted to use another student's number. Frequency of library visits and length of each stay is determined by the classroom teacher. If behavior becomes disruptive, the student will be sent back to class. All books, except current reference materials and magazines, are checked out for one (1) week. These materials may be renewed. The number of books checked out by each student is determined by grade level. No overdue fines are charged. If a student returns a book damaged or loses a book, the student will be charged the replacement cost of the book.

10. Lost and Found

In a school community, it is imperative that each student be responsible for his/her own articles. Students will be provided with closet space and a desk in which they may keep possessions. However, each elementary school will maintain a system for handling articles lost or found. Children should be urged to use it. For the protection and identification of personal property, items such as coats, sweaters, boots, mittens, etc. should be clearly marked with the child's name.

DO NOT LEAVE MONEY OR OTHER VALUABLES IN DESKS OR CLASSROOMS.

11. Nurse

a. Health Room

If it is necessary for a student to see the nurse, the student must ask his/her assigned teacher for permission before reporting to the health room. If the student is very ill, he/she should be accompanied to the health room by the teacher in charge or by another student. Based on his/her findings, the nurse shall determine if the student will be sent back to class, remain in the health room, or be sent home. The nurse may request a doctor's excuse after a student has been sent home 3 times for illness. The doctor's certificate will be presented to the nurse upon the student's return to school, and it will be filed with the student's medical records. All students having a doctor's excuse regarding classroom activity must place it on file with the nurse. The nurse will have office hours posted in each building. In order for medication of any type to be given in school, a signed form must be on file in the health room. This includes over-the-counter medications such as Tylenol, aspirin, etc. Concussions can have a major impact on students in the school setting. If your child is diagnosed with a concussion, please contact the school nurse in the appropriate building. The school nurse can help coordinate necessary program changes for your child as he/she recovers. If you have questions about concussions, please refer to www.cdc.gov/concussions. Only illness or accidents occurring during school time are the school nurse's responsibility. Insurance claim forms may be obtained in the nurse's office.

b. Care and Release of Sick and Injured Children

Unless a pupil's life is obviously in danger and/or immediate emergency aid is necessary, the parent/guardian of the pupil will be consulted before a definite treatment or disposition is arranged. If dire emergency exists, the child will be taken to the hospital by ambulance; and efforts to contact the family will be continued. If an emergency situation does not exist, the child will be retained in school, under supervision, until transportation arrangements can be made. The responsibility for transportation rests with the parent/guardian. The principal, teacher, or school nurse will notify the parent/guardian that the child is ill or injured.

c. Emergency Cards

It is essential to the welfare of the child that the parent/guardian fill in completely and return to school the emergency card which is sent home early in the school year or upon admission to the school. Please note on the card important health conditions such as heart murmur, diabetes, and/or allergic reactions. It is vitally important that the parent/guardian provides for the school usable phone numbers and keeps the school informed of any changes that occur during the school year.

d. Early Dismissals of Children for Medical and Dental Appointments

When a parent or guardian requests an early dismissal for a medical or dental appointment, the following procedures must be followed.

- 1) A written request must be presented prior to the date of the appointment except in extreme emergencies.
- 2) The parent or guardian must come to the school office for the child.
- 3) If the nature of the emergency makes it impossible for the parent or guardian to come to school, the person in whose custody the child is released must be known to the principal, teacher, or office staff as a person known by the child. Proof of identification may be required.

e. Health Experiences Your Child Will Have in School

- 1) Physical examinations are compulsory for every child upon entry into school, in the sixth grade, and again in the eleventh grade. You are encouraged to have the examination done by your family physician who will keep a record and make recommendations for correction of defects.
- 2) Dental examinations are also compulsory and are done in grades 1, 3, and 7. Here again, it is wise to have a family dentist do these examinations and make any corrections that are necessary. Decayed teeth can, and often do, cause serious illness.
- 3) Vision is tested for every child yearly K-12.
- 4) Please keep your child at home, and have a physician check if any of the following occur
 - a) Eyes appear red with drainage.
 - b) Any type of rash.
 - c) Lesions or sores on the body that appear to be spreading.
 - d) Contagious disease.
 - e) Fever
- 5) Hearing is tested for every child upon original entry into school and in grades 2, 3, 7 and 11. If there is a possibility of hearing loss, testing will be done every year.

f. Policy on Medication

If a physician's order requires medication to be given during school hours, the parent/guardian must give consent by signing the school district's medication permission form and returning it to the school nurse where it will be kept on file. Any medication, prescriptions, or over-the-counter drugs sent to school by the parent/guardian should be property labeled with the following information: student's name, name of medication, dosage, Rx#, doctor, time of day to be given (before, after, or with meals), length of time to be given, reason for taking, side effects, and procedure to follow if reaction should occur. The school district does not assume responsibility for any reaction that may occur following administration of medication sent from home nor can there be any responsibility assumed if the parent/guardian does not send sufficient medication and does not complete the proper medication form.

Elementary school nurses are available to aid parents in developing good health habits for their children and to help make referrals to various agencies that can be of assistance to them.

13. Parental Conferences

Parents are encouraged to set up conferences with teachers during the normal school day or at a mutually agreed upon time to discuss their child's progress. In addition, if a teacher or student feels that a parental conference will help to correct a misunderstanding or improve the student's progress, parents, teachers, and students all have the right to request conferences.

14. Cafeteria Services

All elementary schools provide a nutritious lunch program. A child may either purchase or carry his/her lunch. If lunch is carried, milk may be purchased. Lunch can be purchased on a weekly or daily basis. (Refer

to Appendix C). If a parent feels his/her child qualifies for the free or reduced lunch program, the required forms to be completed may be obtained from and returned to the principal's office. Any questions or concerns may be directed to Betsy Snyder, Food Service Director, at her office (814-695-7537). (Refer to Appendix C.)

15. Exceptional Classes

Classes for students identified as exceptional are provided by the Hollidaysburg Area School District. These students are evaluated by a school psychologist and recommended for appropriate educational programs by the multidisciplinary team. Parents or guardians interested in these programs may inquire at the principal's office regarding placement of children in the programs.

16. Guidance Services

The Hollidaysburg Area School District employs full-time, certified elementary guidance counselors. Their services include individual testing and counseling, parent counseling, vocational guidance, and referral to appropriate community agencies as need is indicated. The counselors also conduct developmental classes with all students. If parents desire the services of the guidance staff, they should contact the building office to make initial arrangements.

17. Homebound Instruction

Students who, because of illness or injury, find it necessary to be absent from school for a great length of time will more than likely be eligible for homebound instruction. Medical forms will need to be completed by the family physician before homebound instruction can begin. A teacher will instruct the student at home or in the hospital. This service is provided for no more than five hours a week.

18. Kindergarten and First Grade Registration

Registration for children entering kindergarten and first grade is held in the spring of each year. Notices are sent to parents, prior to registration dates, specifying procedural information. Children who have attended kindergarten in the Hollidaysburg Area School District do not need to register for first grade.

Hollidaysburg Area School District requires the following information for registration:

- a. Proof of student's age (birth certificate, baptismal certificate, etc).
- b. Record of immunization.
- c. Proof of residency for parent registering student (i.e. utility bill).

It is not necessary for the child to be present. During registration, a date and time to bring the child for pre-school testing will be assigned.

19. Orientation Meetings for Parents • "MEET THE TEACHER NIGHT"

Parents' orientation is held at the beginning of each school year. Individual staff members outline programs and student expectations for the upcoming school term.

20. Parent-Principal Meetings

Each building principal sets aside time on a regular basis when he/she will be available to meet and discuss any problems of general importance. Conferences concerning individual children should be scheduled on an individual basis. Various meetings are also conducted in each building to explain and discuss various aspects of the curriculum and materials used by teachers in instruction.

21. Pictures

Individual and group pictures are taken during the school year. Parents are afforded the opportunity to purchase them.

22. Special Permission

When a child is not living with either natural parent or lives with a legal guardian by court adoption, the person with whom the child resides must furnish the Attendance Office with legal notification stating that the child is a legal resident of the district. Only legal residents may attend public schools within the school district.

23. Transfers and Withdrawals

When parents or guardians plan to move from the district, they should notify the school office of the withdrawal date and provide the necessary information needed to transfer records. When the child transfers from one Hollidaysburg Area School District elementary school to another, records are sent to the new school. The parent/guardian does not have to complete a new registration form.

24. Alternate Reading Assignments

Literature is a vital and integral part of the elementary language arts program. Students frequently read independently, in groups, and as a whole class a variety of paperback novels written for elementary school children. We realize that some parents may prefer that their children not read books with certain themes or subjects. Parents have the right to request that their child be excused from reading an assigned book which they personally find objectionable. In such an instance, the child will be offered an alternative book which will meet the requirements of the assignments. The procedure for parental request for an alternative reading assignment is: the parent may notify the child's teacher and the building principal at the beginning of the school year of themes or subjects which are to be avoided for the child; the parent may notify the same persons when a book is assigned which the parent finds objectionable. The parent should also discuss and define with his/her child subject matter that is not to be read in paperback books. The classroom teacher will make the appropriate modifications for assigned readings that will honor such parental requests. Parents are reminded that a collection of elementary paperback books are used in smaller groups or with an entire class.

25. Transportation

Under normal circumstances, a child must either ride a bus or ride private transportation to and from school. At Charles W. Longer, students are permitted to walk to and from school. At all other elementary buildings, permission from the administration must be granted in order for students to walk to and from school.

YOUR CHILD'S SAFETY

Your child's safety is a major concern of the school, but the cooperation of the home and school is required to build good habits of safety. Teach your child his/her name, address, and telephone number, and check occasionally to see that he/she has not forgotten. Plan with your child exactly where he/she is to go if no one is at home when he/she returns. This is an important arrangement at all times but especially so in the event of an unexpected emergency dismissal. A note from the parent must be sent to school requesting permission and stating the reason for a child to go to someone else's home after school.

Children should be urged to:

1. Start for school early enough to arrive while the crossing guard is on duty but not so early that they must wait on the corner until the crossing guard arrives.
2. Arrive at the bus stop no earlier than five minutes before the scheduled pick up time
3. Look both ways before crossing unprotected streets, and cross only at corners
4. Cross at intersections protected by crossing guards
5. Obey the crossing guards
6. Refuse to get into a stranger's car, to go with a stranger, or to accept anything from a stranger
7. Go directly to school
8. At dismissal, go directly home
9. Be considerate of smaller children
10. Be courteous and quiet on the bus, and remain in the seat while the bus is moving
11. Realize safety rules are for their own safety

**APPENDIX A
HOLLIDAYSBURG AREA SCHOOL DISTRICT

8. Prescription or patent drugs, except those for which permission for use in school has been granted pursuant to Board policy.

For purposes of this policy, **under the influence** shall include any consumption or ingestion of controlled substances by a student.

For purposes of this policy, **look-alike drug** shall include any pill, capsule, tablet, powder, plant matter or other item or substance that is designed or intended to resemble a controlled substance prohibited by this policy, or is used in a manner likely to induce others to believe the material is a controlled substance.

Authority

The Board prohibits students from using, possessing, distributing, and being under the influence of any controlled substances during school hours, at any time while on school property, at any school-sponsored activity, and during the time spent traveling to and from school and school-sponsored activities.

The Board may require participation in drug counseling, rehabilitation, testing or other programs as a condition of reinstatement into the school's education, extracurricular or athletic programs resulting from violations of this policy.

In the case of a student with a disability, including a student for who an evaluation is pending, the district shall take all steps required to comply with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.

This policy shall also apply to student ***conduct that occurs off school property*** and would violate the Code of Student Conduct if:

1. There is a nexus between the proximity or timing of the conduct in relation to the student's attendance at school or school-sponsored activities.
2. The student is a member of an extracurricular activity and has been notified that particular off-campus conduct could result in exclusion from such activities.
3. Student expression or conduct materially and substantially disrupts the operations of the school, or the administration reasonably anticipates that the expression or conduct is likely to materially and substantially disrupt the operations of the school.
4. The conduct has a direct nexus to attendance at school or a school-sponsored activity such as an agreement to complete a transaction outside of school that would violate the Code of Student Conduct.
5. The conduct involves the theft or vandalism of school property.

1. Establish procedures to deal with students suspected of using, possessing, being under the influence, or distributing controlled substances in school, up to and including expulsion and referral for prosecution.
2. Disseminate to students, parents/guardians and staff, the Board policy and district procedures governing student abuse of controlled substances.
3. Provide education concerning the dangers of abusing controlled substances.
4. Establish procedures for education and readmission to school of students convicted of offenses involving controlled substances.

Incidents of possession, use, and sale of controlled substances by any person on school property shall be reported to the Office of Safe Schools on the required form at least once each year.

Guidelines

Prescription and Non-Prescription Medication

Any student who must take a prescription or nonprescription drug must take the medication to the school nurse; the nurse will oversee the individual use of medication. The school reserves the right to check with parents/guardians for confirmation of any student medication needs. Parents/Guardians wishing to bring medication to school for their child's use should deliver it to the school nurse.

Anabolic Steroids

The Board prohibits the use of anabolic steroids by students involved in school-related athletics, except for a valid medical purpose. Body building and muscle enhancement, increasing muscle bulk or strength, or the enhancement of athletic ability are not valid medical purposes. Human Growth Hormone (HGH) shall not be included as an anabolic steroid.

The school district shall also provide education regarding the dangers of anabolic steroids and establish minimum penalties for any student found in violation of the rules and regulations required above.

Students should be made aware that anabolic steroids are classified as controlled substances and that the use, unauthorized possession, purchasing, or selling could subject them to suspension, expulsion and/or criminal prosecution.

Reasonable Suspicion/Testing

If a student is suspected of being under the influence of drugs/alcohol, the principal, assistant principal or Dean of Students will be contacted. The teacher will remain with the student until an escort arrives to take the student to the nurse's office. The nurse will determine if the student's reactions and vitals are outside of the normal range and if there is a concern for further medical evaluation/drug testing. If a student's vitals are outside of the normal range, an administrator will call a parent/guardian. The nurse determines if the ambulance should be called or if the student can leave with parent or guardian. The parent or guardian must come to the school to pick up the student. The student shall be given a temporary suspension of up to three (3) school days either in or out-of-school, based on administrative judgment. With parent or guardian consent the school may administer the alcohol or drug test or the parent may have a drug or alcohol test completed by an emergency room or a doctor's office and the medical examiner must complete the school issued drug testing form. The student is given a 10 day drug/alcohol suspension if the parent/guardian cannot provide the completed school issued form from the hospital or physician stating that the tests were negative and explaining the symptoms that were observed.

Normal medical perimeters as listed below:

Any results out of the normal range would be concern for further medical evaluation/drug testing through a medical provider.

CLARIFICATION OF EXTRACURRICULAR SUSPENSION

1. While Under Extracurricular Suspension:

- a. No student will be permitted to participate in any extracurricular school activity until after 12:00 midnight of the last day of suspension. **(See definition below.)**
- b. No student will be eligible to run for any elective office.
- c. Students will not be permitted to participate in activities such as band, chorus, and other academic courses of study which require students to be present at certain activities beyond the hours of a normal school day. In these instances:
 - 1) The instructor or sponsor of these activities will be officially notified of students appearing on their rolls who are under extracurricular suspension.
 - 2) The instructor will notify the student that he/she is not required to be in attendance at the course of study activities scheduled beyond the school day.
 - 3) Grades normally assigned for these activities will not be assigned during this period of suspension.
 - 4) Grades established for these subjects, for a nine-week period, will be computed only on the normal school day activities.

2. **Extracurricular School Activities Are Defined** as those activities of student life which are not a part of the district courses of study. These include those activities in which the student either actively, or as a spectator, would be representing the school outside of the regularly scheduled classroom. Examples are all sports, social events, teams, performing organizations, clubs, school newspapers, student government, committees, field trips, ceremonies, competitions, and tryouts for any school-sponsored extracurricular activity.

APPENDIX B STUDENT TRANSPORTATION, SAFETY, AND DISCIPLINE

Safety and proper social attitude in bus transportation as well as in all phases of the school program are prime concern to the administration and the School Board. Students need to familiarize themselves with the obligations and courtesies of public transportation. The Hollidaysburg Area School district uses video on our school busses. Students may be disciplined for actions captured on video tape and/or audiotape.

A pupil who cannot maintain self-discipline while utilizing transportation assets forfeits the privilege and must rely on other means of transportation. The school bus driver is authorized to enforce safety and social standards on the bus. In accordance with the Pennsylvania School Code; the driver has the same authority as a teacher. The relationship between the operator and student must be one of cooperation.

No pupil will be permitted to get off at any stop other than his/her own established stop, unless written consent is obtained from the parent/guardian and approved by the school office.

All guidelines governing student behavior pertain to school-provided transportation.

The most important school bus passenger regulations affecting safety and the punishment if violated are as follows:

Minor Violations

1. Acting discourteously toward and failing to obey the driver
2. Refusing to sit in an assigned seat
3. Standing or changing seats while bus is in motion
4. Discourtesy to other children
5. Crowding to door before bus stops
6. Pushing and jostling when getting on bus
7. Other behaviors which school officials feel warrant disciplinary action

Minor Violation Punishments

1. First Offense: Warning only by bus driver.

2. Second Offense: Warning and reported by bus driver to school office. This will result in school disciplinary action, and parent/guardian will be informed.
3. Third Offense: To be the same as that for a major violation of conduct.

Major Violations

1. Trying to distract bus driver's attention.
2. Smoking or possessing tobacco in any form.
3. Flagrant disobedience to the driver.
4. Destroying bus property. **NOTE:** Repayment of damages to owner is also required before offender can be reinstated onto the bus.
5. Using profanity, vulgarity, or obscene gestures.
6. Striking matches.
7. Fighting.
8. Spitting in the bus.
9. Impairing or endangering the lives of students-or driver.
10. Getting on or off the bus at any stop other than his/her own without permission.

Major Violation Punishment

1. First Offense: Suspend offender from bus for a minimum of five (5) days. The student will be permitted to resume bus transportation after the transportation suspension and after such time as the parent/guardian has a consultation with school officials. A pass will be presented by the school official to the driver.
2. Second Offense: Same procedure as for the first offense except that transportation suspension shall be for ten (10) school days.
3. Third and Subsequent Offenses: Case will be referred to the School Board for further disciplinary action. Student will be suspended from the bus until such action is taken.
4. Tobacco law violators will be referred to the proper civil authorities for prosecution as a violator of Pennsylvania Law, Prohibiting Tobacco in Schools, Act 145 (see Appendix E).

The above requirements should be followed as closely as possible. It is recognized, however, that each situation is unique, and the administration must consider the current problem as well as past experiences with the individual(s) involved. In some cases where mitigating circumstances prevail, the administration shall have the right to modify specific punishments for misbehavior in order to fairly and equitably resolve the problem.

APPENDIX C CAFETERIA ACCOUNTS

A computer system is used to track cafeteria transactions including money deposits and meal purchases. It is important to keep a positive balance on the account.

1. Students can put money in their cafeteria account (collected in the classroom). We prefer that you make payments on-line at www.myschoolbucks.com or with a check made payable to HASD Cafeteria.
2. When purchasing meals and a la carte items, all students must enter their six digit Identification Number (ID) in the PIN pad when they reach the cashier.

Free and Reduced Price Lunches

Students from households that meet income guidelines are eligible and should apply for free or reduced price lunches. The cost for a reduced price lunch is 40 cents. Students who qualify for free lunches receive their lunch at no charge. Lunch applications are available in the school's main office, at www.tigerwires.com or on-line at www.compass.state.pa.us. The application must be filled out yearly.

If you have any questions concerning lunch benefits, please contact The Food Service Office, at 695-7537.

APPENDIX D ELEMENTARY HOMEWORK GUIDELINES

Amount and Type of Homework

1. The amount of time each student spends on homework will be affected by his natural ability and the level of courses he is taking.
2. There are two types of homework assignments -- short-term and long-term.
 - a. A short-term assignment is given for one or two consecutive nights. A short-term assignment may be given during the week or over the weekend.
 - b. A long-term assignment is given at least a week in advance and may require the student to use organizational skills so the assignment is completed in steps over a period of time. A long-term assignment will have a specific due date established when the assignment is given. It may extend over a holiday, providing the student with the choice of completing it before the holiday or using the extra time afforded by the holiday.

General Guidelines

1. Homework should be clarified by the teacher so that only a minimum of parental help is necessary. It should be adapted to the ability level and the needs of the student.
2. Homework should be purposeful and pertinent to the course objective.
3. Homework should be given as opportunities arise.
4. Homework should not be excessive. Regarding short-term assignments, the amount of student homework should

be commensurate with what a teacher can cover or do the day the homework is due. If problems develop, parents and students should express their concern through direct contact with the teacher involved.

5. When establishing due dates, teachers should be considerate if students indicate they already have several lengthy assignments due the same day.
6. Teachers need to give recognition for completed assignments.
7. Feedback from homework assignments should be given within an appropriate amount of time so students can benefit from it.
8. It is the teacher's responsibility to explain, assign and evaluate homework assignments. When the correcting of homework is done as a group experience with students, it should be done under direct teacher supervision.
9. Teachers should make an oral or written statement at the beginning of a course concerning their philosophy and emphasis on homework.
10. Homework assignments are given on the day(s) of an excused absence must be made up within the number of school days missed plus one. If a homework assignment is given prior to an unexcused absence, the student is required to turn in the work on the first day of his return to school. If a homework assignment is given prior to an excused absence, the student is required to turn in the work on the day after his return to school. If a long-term assignment such as a research paper, project, book review, etc. is due while a student is absent, he is required to turn in the work on the day he returns to school. If the absence is for less than a full day, the homework for that day is still due to be turned in that same day. Additional time may be provided at the discretion of the subject teacher. For further clarification or information with regard to absences, refer to the policy on make-up work in Appendix F.
11. When a child is absent for an extended period of time, please contact the office prior to 9:00 am to request homework for that child. Please **DO NOT** call for homework unless the child is going to be absent **MORE THAN ONE DAY**.

Homework Incentives

1. Provide child with appropriate place to study.
2. Insist on a homework time free from distraction.
3. Check with the teacher when assignments or school policies are not clear.
4. Encourage your child to do his/her best so far as accuracy, neatness and arrangement are concerned.
5. Encourage your child to read books at home and collect materials which will help him/her in school.
6. Read to, and with, your child.

APPENDIX E

- c. **"Tobacco."** A lighted or unlighted cigarette, cigar, pipe, or other lighted smoking product and smokeless tobacco in any form.

APPENDIX F ATTENDANCE

Purpose

The Board of Education requires that school aged pupils enrolled in the schools of this district attend school regularly in accordance with the laws of the state. The educational program offered by this district is predicated upon the presence of the pupil and requires continuity of instruction and classroom participation. The regular contact of pupils with one another in the classroom and participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose.

Authority

Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session, except that a principal or teacher may excuse a student for temporary absences when he or she receives satisfactory evidence of such mental, physical, or other urgent conditions which may reasonably cause the student's absence. The board will give full faith and credit to the decision of another school entity to suspend or expel a student for disciplinary reasons. Therefore, the Hollidaysburg Area School District will honor and continue to impose all unfinished suspension and/or expulsions that were imposed on each and every new entrant into the Hollidaysburg Area School District. Each new entrant, whether by transfer or relocation, will serve the remainder of that discipline prior to physical entrance into any school in the district.

The board considers the following conditions to constitute reasonable cause for absence from school:

illness; quarantine; death in the immediate family; impassable roads; exceptional urgent reasons that are submitted to the building principal and approved after a formal evaluation is made; educational trips which are given prior approval by the building principal after a formal evaluation is made; observance of a religious holiday.

Absences shall be treated as unlawful/unexcused until the district receives a written excuse explaining the absence, to be submitted within three (3) days of the absence. A maximum of ten (10) days of cumulative lawful absences verified by parental notification may be permitted during a school year. All absences beyond ten (10) cumulative days shall require an excuse from a licensed physician.

Attendance need not always be within the school facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the board, or at the place where the student is receiving approved tutorial instruction or health care, or at the place where the student is engaged in an approved and properly supervised work-study or career education program, Learning Through Service Program, Early to College Program, or at home when the student is receiving approved homebound instruction.

The board shall consider each student assigned to a program of independent study to be in regular attendance for the program, provided that he/she is under the guidance of a staff member so assigned and reports daily to such staff member the place where the student is conducting study, and regularly demonstrates progress toward the objectives of the course of study.

Repeated infractions of board policy requiring the attendance of enrolled students may constitute such misconduct and disobedience as to warrant the suspension or expulsion of the student from regular school programs. It shall be the policy of the board to consider the effectiveness and appropriateness to the pupil's needs of the educational program that is offered each child who habitually and repeatedly absents him/herself from such program. The board authorizes the superintendent to suspend a student from a particular class or from school in accordance with the policies of the board if sincere efforts by the staff and parents cannot rectify the pattern of absence. The superintendent is authorized to establish the criteria to implement this policy.

The administrative regulations to implement this policy are attached as No. 204-R.

A proper attitude toward regular school attendance is one of the most valuable lessons students carry into life. The development of good attendance practice involves a close partnership between the home and the school.

The school district recognizes the importance of good home-school communications in preventing and solving attendance problems. The district will make every reasonable effort to communicate with the home and expects the parents and guardians to react positively and cooperatively in promoting good attendance.

There are several reasons to promote good school attendance:

1. Many extensive studies have been completed on the relationship between attendance and academic achievement. Invariably, achievement is positively correlated with attendance. The provision of costly programs is wasteful of precious school resources when students are not present to benefit. Also, the higher achieving student is better able to take advantage of post-high school education and employment opportunities.
2. Attendance habits learned early in a child's life carry over into employment. Employers are very interested in the school attendance record of their prospective employees. Generally, employees who have developed good attendance practices in school also have good attendance practices in the workplace.
3. The Pennsylvania School Code mandates school attendance.

The Hollidaysburg Area School Board, within the confines of the Pennsylvania School Code, has adopted the following policy concerning student attendance and excusal.

The Hollidaysburg Area School Board, within the confines of the Pennsylvania School Code, has adopted the following policy concerning student attendance and excusal:

Definitions

1. **Absence:** The nonattendance of a pupil in class on those days and half days that school is in session.
2. **Tardy:** A student reporting to school or class after the designated starting time.
3. **Excused Absence or Excused Tardy:** The absence or tardiness of a pupil for any one of the following reasons:
 - a. Illness
 - b. Quarantine
 - c. Death in family
 - d. Impassable roads
 - e. Court appearance
 - f. Unavoidable family emergency
 - g. Observance of a religious holiday
 - h. Educational trips with prior approval
 - i. Exceptional urgent reasons that are submitted to the building administrator and approved after an evaluation is made

NOTE: A parent's/guardian's note is required for all of the above excuses consistent with procedures set forth under Attendance Guidelines and Procedures, Section B.

4. **Prior Approval:** A student must request prior approval to be absent for absences not listed in item 3 above. The building administrator will have the authority to grant or deny the request after evaluating the legitimacy for the request. Examples: testing, trips, doctors' appointments, court, counseling, therapy, etc.
5. **Unlawful Absence/Truancy:** An unexcused absence for all pupils under 17 years of age.
6. **Early Dismissal:** The excusal of a student from any portion of the school day for various reasons that affect the welfare of the student. Examples: doctor's appointments, court, counseling, therapy, etc. Any early dismissal that extends more than three (3) hours will be marked as a half (.5) day absence. If the early dismissal extends more than three and a half (3.5) hours, it will be recorded as a full day absence.

Attendance Guidelines and Procedures

1. Each student is expected to maintain a good attendance record throughout the year.
2. Excuses: Students must deliver an excuse to the office on the first day of their return to school following the absence. The excuse must be signed by the parent/guardian and state the specific reason for the absence. **If a student forgets his/her excuse, the absence will be marked "NO EXCUSE"; and the absence will be recorded as unexcused. When a valid absence excuse is turned in, the attendance record will be corrected.**
3. A maximum of ten days of cumulative lawful absences verified by parental notification may be permitted during a school year. All absences beyond ten cumulative days should require an excuse from a physician. Failure to produce this excuse will result in the absence being marked unlawful or unexcused and appropriate action taken.

Guidelines for Educational Tours and Trips Over Two School Days

Principals may approve as excused absence for a student those absences from school (or an educational tour or trip provided such tour or trip is planned and conducted in accordance with the following.

1. Typically, an absence of this nature will not be approved during the first seven (7) and the last seven (7) days of the school calendar, nor during the time that semester or final exams are being reviewed.
2. Trips of this nature shall be limited to one (1) per school year.
3. Requests for five (5) or more school days will require a parent conference with the building administrator or his designee. Persons having need of more than ten (10) days may be advised to withdraw the student and re-enter him/her in the appropriate educational environment elsewhere.
4. The student must travel with parents or approved guardians.
5. A trip form, signed by a parent/guardian, must be submitted at least two weeks prior to the absence.
6. Students who have less than 90% attendance for the current school year, poor academic standings, or poor discipline records may be denied approval for an excused absence.
7. There shall be a parent/administrator conference for questionable requests as determined by the building administrator or his/her designee.
8. The student shall obtain assignments from his/her teachers, as directed, prior to the trip.

NOTE: All pre-trip assignments (those made specifically for that period of time during the trip) are due the first day upon the student's return from the trip. Any tests taken by the class which were announced or known about by the student prior to his/her trip are due to be taken within two (2) days after the student's return to class, unless other arrangements are made with the teacher. Any research paper, homework, or other assignments whose due dates fall within the period of the trip and whose due date was known by the student are due upon the student's return to class. Any other make-up work which the student did not receive prior to the trip shall be completed at the reasonable convenience of the teacher and student.

Absences for unapproved tours or trips will be marked unexcused and/or unlawful according to the school code, and disciplinary measures may be taken.

Tardiness

If for some reason, a student is unavoidably tardy, he/she should do the following:

1. Any student arriving at school after homeroom starts shall be marked as being tardy. These students will report to the office upon entering. If the student was tardy due to a medical appointment, the student is required to have the doctor or his/her receptionist sign a slip and note the time.
2. Students entering after 10:30AM but before 12:20PM shall be marked either 1/2 day excused or unexcused absence depending on the excuse. These students will report to the office upon entering.
3. Students entering after 12:20PM shall be marked as either a full day excused or unexcused absence depending on the excuse. These students will report immediately to the office upon entering.
4. Any student who has a total of 15 tardies for the school year may be required to provide a doctor's excuse for each additional occurrence.

Early Dismissal

1. The student desiring an early dismissal must present a written excuse signed by a parent or guardian indicating the time of early dismissal and the specific reason for the request.
2. An early dismissal that extends more than one and one half hour (1.5) will be marked as a half (.5) day absence. If the early dismissal extends more than three hours and twenty minutes, it will be recorded as a full day absence.

Making Up Missed Work

Any student who receives an '*Excused Absence*' or '*Unexcused Absence*' for his/her absence from school or a class will be guided by the following policy regarding school work that either he/she owes or has missed because of that absence.

1. Daily homework given prior to the student's absence: If a daily homework assignment is given prior to an excused absence, the student is required to turn in the work on the **FIRST DAY** of his/her return to school. If the absence is for less than a full day, the homework for that day is still due to be turned in that same day.
2. A student who has an '*Unexcused Absence*' will not be permitted to turn in work and will receive a zero for that assignment.
3. Classwork and assignments given on the day of the student's absence: Class work and assignments given or carried out on the day(s) of an excused absence must be made up within the number of school days missed plus one (1) from the date that the student returns. For example: If the student has five (5) consecutive days of excused absence, he/she will have six (6) school days in which to complete this work. However, for one-half day absences or less, the student will have a maximum of two (2) full school days to complete the work.

- a. The student must assume the responsibility of seeking out the assignments that were made during his/her absence immediately upon his/her return.
 - b. Students should consult with teachers immediately upon returning to school to seek official and accurate information relating to missed work. A schedule will be established by the teacher.
 - c. Students who have '*Unexcused Absences*' WILL NOT be permitted to make up work and will receive a zero for the work missed during the absence.
4. Quizzes and tests announced prior to the student's absence: If the student is present on the day a test or quiz is announced and the student has an '*Excused Absence*' on the day it is given, he/she will be required to take the quiz or test during the scheduled class period (or that subject on the FIRST DAY of his/her return to school, unless the teacher grants an extension of time.
 5. Quizzes and tests announced during the student's absence: If the student returns to school one or more days prior to a scheduled test or quiz being given, he/she will be required to take the test or quiz when it is scheduled. If the student returns on the day of the test or quiz or after it has been given and the student had an "*excused absence*" when the test or quiz was announced, he/she will have the number of school days he/she was absent plus one (1) in which to make up the test or quiz.
 6. Students who have an "*unexcused absence*" on the day a test or quiz was announced will not be covered by the above policy.
 7. Any work that is sent home during an absence must be completed and turned in the day the student returns to school. If work is sent home, more work will not be collected until the work that is already sent home is returned completed.
 8. The homework absenteeism policy does not apply for long term project. Long term projects (projects assigned at least a week in advance) must be turned in the day they are due even if a student is going on a field trip. If a student is sick the day a long term project is due, the project must be handed in the day the student returns.

APPENDIX G

Any student receiving an in-school suspension will report to the school office as soon as he/she arrives in the morning. General operating procedures for in-school suspension are as follows:

1. Teachers will provide regular class work assignments to cover the length of the suspension. It is the responsibility of the student to complete and return these assignments to the office.
2. A very restricted, non-socializing school environment will be maintained.
3. The student will receive one-to-one help with his/her regular school work.
4. Individualized counseling will be provided with an opportunity for inner-reflecting and modification of behavior through change in attitude and values.
5. If a student fails to report for any reason, the suspension time will be completed upon return to school.
6. Exceptions to in-school suspension may be made by the building administrator if he/she feels that out-of-school suspension is the best interest for all concerned.
7. Failure to comply with the above will result in increased stay in in-school suspension or out-of-school suspension.

Student Regulations for "In-School" Suspension

1. Students will report directly to the office on days slated for in-school suspension.
2. All belongings will be kept with the student. Students are not permitted to go to their room before reporting to the office.

HOLLIDAYSBURG AREA ALMA MATER

Hail Alma Mater, we sing thy praise.
Great our affection though feeble our lays.
Nestling so peaceful and calm 'neath the sky.
Fondly we love thee, our dear H-burg High.

Hail Alma Mater, we sing thy praise.
Loud in thy honor our voices we raise.
Your colors ever keep floating on high.
Now and forever the Blue and the White.

Hail Alma Mater, thy praise we sing.
Far down the centuries still they may ring.
Soon at thy portals thy friends bid adieu.
Still in our hearts may we keep thoughts of you.
